HOW IT WORKS

①

Purchase a staking package using **USDT**.

②

RND tokens are allocated instantly at the **live market price**.

③

Bonus tokens (25% / 60% / 100%) are added immediately.

④

Your total allocated RND is **locked**.

⑤

The total allocated RND is released **automatically** every day during the lock period.

⑥

Daily release is calculated by dividing the total allocated RND by the selected staking period.

RND TOKEN SUPPLY

STRONG SUPPLY. STRONG FUTURE.

TOTAL SUPPLY

20,000
RND TOKENS

Limited Supply.
High Potential.
BIG FUTURE.

SUPPLY OVERVIEW

FIXED SUPPLY

Total supply is fixed at **20,000** RND tokens.

SCARCE & VALUABLE

Limited supply creates scarcity and increases value over time.

GROWTH POTENTIAL

Strong demand with limited supply can drive the price higher.

COMMUNITY DRIVEN

Built for the community, driven by trust and transparency.

REAL WORLD UTILITY

Designed for real use cases and long term ecosystem growth.

RND TOKEN

With a fixed supply of only **20,000 RND tokens**, our mission is to build a strong ecosystem, increase real utility and create **long term value** for every holder.
